### Subject: Narkomed 6000 Mounting Kits

GCX rail mounting kits are now available for the Narkomed 6000 series anesthesia machine. These kits are supplied with all of the necessary hardware, labeling and installation instructions. Please note that the hardware necessary to mount monitoring components to these rail kits will need to be provided through the manufacturer of the monitoring device. Please add labor and travel as necessary. Kit details are as follows:

**4116581 Top Plate Kit with 30" GCX Rail** (For mounting 3<sup>rd</sup> party monitors on top).  
**List Price: \$ 230.00**

**4116582 Left Side Rail Kit** (for mounting flat panels, boom arm, module racks).  
**List Price: \$ 64.00**

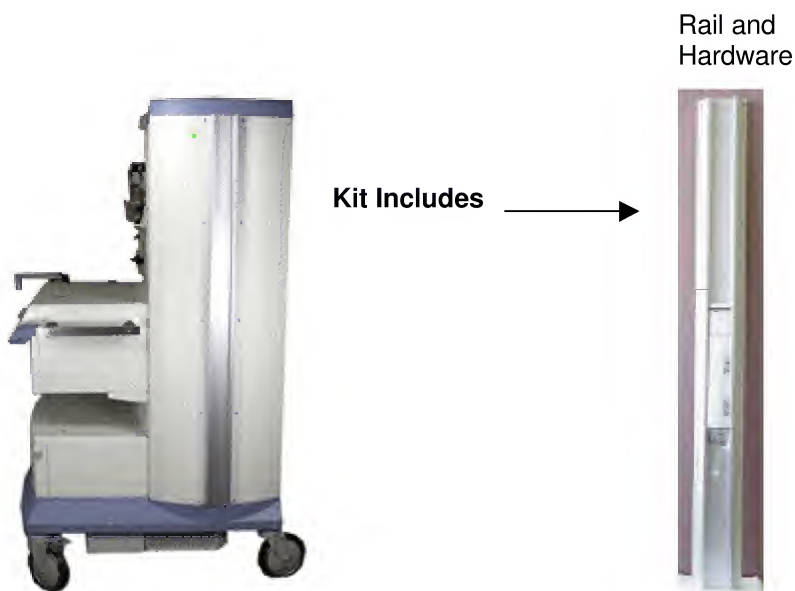

**4116583 Right Side GCX Rail with Panel** ( for machines shipped prior to February 2000 with a right side panel that does not have pre-drilled holes for attachment of rail assembly).

**List Price : \$ 262.00**

**4116584 Right side GCX rail kit without Panel** (For machines shipped after February 2000 having pre-drilled holes in the right side panel ).

**List Price : \$ 180.00**

**4116586 Boom Arm adapter mount for GCX rail**

**List Price: \$ 113.00**

**4116585 Top Plate with HP Mount (Top plate mount for HP/Agilent Monitors)**

**List Price: \$ 230.00**
